

# PLAN FOR THE NETWORK OF TOMORROW WHEN BUILDING TODAY!

## New build or at capacity, MaxCell® gives your network more space.

MaxCell's conduit maximization solutions allow operators to maximize their OSP and ISP network capacity while reducing total system cost.

MaxCell increases available conduit space and reduces pulling tension when installing cables.

Max Out your network capacity, efficiency and budget with MaxCell.

*Future Network Flexibility*

### 300% MORE

Increase cable density by as much as 300% with MaxCell.

### 2X AS FAST

Actual Field Experience Report: Installers and Network Engineers can cut conduit installation time in half and increase cable installation speed.

### CUTS TOTAL PROJECT COSTS

Independent surveys and field experience prove that MaxCell reduces material and labor costs.
