

# EXPANDABLE PET CABLE PULLING GRIPS

Future Network Flexibility

- Economical and Easy to Use
- Cut & Abrasion Resistant
- Chemical Resistant
- Braided from 10 mil Polyethylene Terephthalate Monofilament Yarns

PRODUCT #	MIN. CABLE DIAMETER	MAX. CABLE DIAMETER	GRIP LENGTH	UNIT OF MEASURE	CABLE GRIP WALL THICKNESS	MAX. PULL TENSION (LBS)	BRAID COLOR
MXCPM864	0.65" (16.5mm)	1" (25.4mm)	~84" (~7ft)	PK (3pcs)	.025" (0.064mm)	550	Red / White / Blue
MXCPM1728	0.7" (17.7mm)	1.1" (27.9mm)	~84" (~7ft)	PK (3pcs)	.025" (0.064mm)	700	Blue / Red
MXCPM3456	1.0" (25.4mm)	1.3" (33mm)	~84" (~7ft)	PK (3pcs)	.025" (0.064mm)	850	Orange

## ADDITIONAL INFORMATION

Halogen Free	Yes
RoHS Compliance	Yes
SVHC Compliance	None
UL/CSA	Yes

## IMPORTANT INSTALLATION TIPS

Lubrication is recommended to decrease friction during cable installation.

*\*Designers/Installers should make every effort to conform to industry standards (BICSI best practices and ANSI standards) with regard to distances between any two pull points, number of bends and adhere to the cable manufacturer's maximum pulling tension specifications.*
